QUESTION 11:

Today, about one-third of abortions take place using the drug RU-486. RU-486 can be deadly to women who don't know they are later in pregnancy than they really are, or who are experiencing an ectopic pregnancy. While surgical abortions require an exam by a physician, abortion advocates are asking that RU-486 be sold to women on-line, without a doctor's exam. Do you support oppose these abortion pills being widely available on-line and sold to women without a doctor's exam?

QUESTION 18:

Federally Qualified Health Centers (FQHCs) commonly known as community health centers provide the same medical services as Planned Parenthood (PP), aside from abortions. In fact, they offer more services like well-women and well-child care. These 10,000+ facilities across the United States treat more than 25 million Americans each year, in low income and rural neighborhoods. They receive \$4.5 billion in taxpayer funding. Planned Parenthood operates 650 facilities and sees 2.4 million patients per year. They receive \$500 million in taxpayer funding.

Who do you think is more deserving of our tax payer dollars? FQHCs or PP?

QUESTION 18:

Federally Qualified Health Centers (FQHCs) commonly known as community health centers provide the same medical services as Planned Parenthood (PP), aside from abortions. In fact, they offer more services like well-women and well-child care. These 10,000+ facilities across the United States treat more than 25 million Americans each year, in low income and rural neighborhoods. They receive \$4.5 billion in taxpayer funding. Planned Parenthood operates 650 facilities and sees 2.4 million patients per year. They receive \$500 million in taxpayer funding.

Who do you think is more deserving of our tax payer dollars? FQHCs or PP?
